

Boston Scientific Manufacturing Facility Named Best Plant by IndustryWeek Magazine

(September 14, 2005) -- Boston Scientific Corporation (NYSE: BSX) today announced that its Wayne, New Jersey manufacturing facility has been named one of the 10 best plants in North America by IndustryWeek magazine, a national publication for senior level manufacturing executives. The Wayne facility manufactures products used in vascular surgery, including abdominal and thoracic grafts and treatments for tumor management.

"This award offers national recognition for our ongoing efforts to foster a world-class manufacturing environment at Boston Scientific,
